

## Navigate & Connect addresses behavioral health risks *in the aging population*

By 2040, people over 65 will grow to represent nearly a quarter of the U.S. population. This demographic brings risks that converge with age, like unaddressed mental health conditions, increased comorbidities, and physical and financial barriers to accessing care.

Navigate & Connect delivers an end-to-end solution that connects members to high-quality behavioral health care across the entire acuity spectrum, addressing the unique whole-person health needs of seniors before they become costly.

**56%**

of medical spending is attributed to people over 55<sup>1</sup>

**25%**

of adults over 65 live with mental health conditions<sup>2</sup>

**3+**

health comorbidities lead to higher medical costs<sup>3</sup>

## Cost Savings with Navigate & Connect

Navigate & Connect

# Align & amplify your behavioral health ecosystem

## Improved Access

Consolidate all in-network providers to match member needs to provider availability in real time.

## Faster Care

Connect all members to clinically appropriate treatment based on acuity and preferences in a as little as one day.

## Better Outcomes

Leverage our proprietary Behavioral Health Index (BHI<sup>®</sup>), an acuity index registered with the Joint Commission, to access holistic insights into your member population.

### Key Features

#### Front Door

Every behavioral health access point

#### Behavioral Health Index (BHI<sup>®</sup>)

Scientific measure gauging severity

#### Network

Member choice met with varied providers

#### Scheduling

Member matching and direct scheduling

#### Analytics

Data-driven models enhance capabilities

#### Measurement-Based Care

Population outcomes
